Dear Mr. Chapman:

On behalf of the Department of Procurement Services (DPS), I am responding to your August 1, 2019 Freedom of Information Act (FOIA) request wherein you seek the following:

*"This is a follow up to a previous request:
You're sending two different request responses to one request. In an case, please narrow down to 2000 and on."*

Per your request dated July 17, 2019 you stated:

*"This is a follow up to a previous request:
The records that I am seeking are those agreements that were created to satisfy the statutory requirements from (5 ILCS 220/) Intergovernmental Cooperation Act and other acts which include references to intergovernmental agreements, their creation, or maintenance. Of note, (5 ILCS 220/3.2). I am not sure how much further narrowing you'll need, as these are standard agreements throughout Illinois that should be readily available to maintain statutory requirements. Please reach out to the respective director, as defined by the Intergovernmental Cooperation Act.
Furthermore, the records responsive to this request will be used to build a greater public understanding of Chicago's decisions, policies, procedures, rules, standards, and other aspects of government activity that affect the conduct of government and the lives of any or all of the people. As such, I humbly ask that the unduly burdensome exemption be waived, as the public interest greatly outweighs the burden on the public body. Consider that the burden is placed on the public body to show that the burden on the public body is outweighed by the public's interest.
Regarding your request for the "evaluation criteria used," this information can be found in the RFP document, which is attached for your review."*

Regarding your request, attached please find the responsive records.

Sincerely,

Shiovhan Boykin
DPS FOIA Officer
